

Guinea: Poverty Reduction Strategy Paper

Poverty Reduction Strategy Papers (PRSPs) are prepared by member countries in broad consultation with stakeholders and development partners, including the staffs of the World Bank and the IMF. They describe the country's macroeconomic, structural, and social policies in support of growth and poverty reduction, as well as associated external financing needs and major sources of financing. This country document for Guinea, dated March 2013, is the authorities' third PRSP 2013–15. It is being made available on the IMF website by agreement with the Guinean authorities, as a service to users of the IMF website.
